MSB Serves Sno Cones

We were proud to be a part of the fun in our local schools, helping make two special days even sweeter! Our team had a great time serving sno cones at both the Wapello Elementary PBIS Fun Day and the Morning Sun Elementary PTO Fun Day. Events like these are what community is all about, and we're grateful for the opportunity to be a part of the fun and create lasting smiles for such a great group of kids!

2nd Grade Field Trip to MSB

The 2nd grade classes from Mediapolis Elementary enjoyed a fun and educational field trip to the bank! Students had the opportunity to learn about how a bank works, from counting money and making deposits to understanding the importance of saving. They also learned about loans and how banks help people borrow money to pay for things like homes, cars, or starting a business, and then repay it over time. They asked great questions and showed lots of curiosity as they got to tour parts of the bank that most customers don't usually get to visit. It was a great day of learning, and we were happy to share!
