AUGUST NEWSLETTER

Take MSB With You!

With the school year underway, it's a great time to check in and ensure your college student has the banking tools and resources they need to manage their money with confidence.

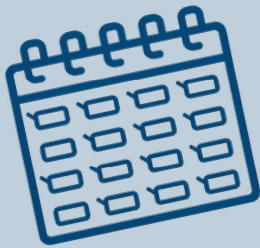

- Independence Checking -Open to young adults through age 23. If the following three requirements are met during the **monthly statement cycle**, interest is earned and foreign ATM surcharges are refunded up to \$10.00.
 - 1.Log on to Online Banking
 - 2.E-Statements
 - 3.8 Debit Card Transactions
- Debit Card -MSB offers two different debit cards. Both Visa Check Cards can be used anywhere Visa is accepted and are E-Wallet enabled. Choose the blue card and enroll in **UCHOOSE REWARDS** to redeem points for merchandise, gift cards, or cash back! Choose the black spirit card and MSB will donate \$.10 to the Mediapolis High School for each "credit" purchase over \$10.00!
- Need to reset your Debit Card pin? Now you can call **1-800-992-3808**.
- E-Wallets -When you add your MSB Debit Card to a mobile wallet, a unique account number, not the card number, is assigned and securely stored on your device. Each time you make a purchase a unique code called a token is used to authorize that purchase. This makes it nearly impossible to steal your card information.
- Mobile Banking -MSB Mobile app offers so much more than just accessing your bank balances. You can also set up convenient notifications to alert you of a low balance or a deposit has been made to your account. By using the MSB mobile app you have instant access to manage your debit card. You can place a hold on your debit card when you suspect it is lost or stolen. When traveling you can set up travel plans. Manage your finances securely from the palm of your hand! **Sign up today online!**
- Mobile Deposit -Instead of bringing a check to the bank, mobile check deposit allows you to snap a picture of the front and back of a check using a smartphone and deposit it using MSB's mobile App. Stop by, **email**, or give us a **call** for an application.
- Bill Pay -Pay your bills online with Bill Pay. With MSB Bill Pay you can pay any company or person you owe. We send the money electronically whenever we can. If the person or company can't accept electronic payments, we print a check and mail it for you, saving a check and stamp! An added feature, you can review your payments and bills for the past 84 months in Activity.
- Zelle® -Available through online banking and mobile banking, you can send and request money with friends and family. Have you ever needed to split the lunch bill with a friend, but you didn't have the cash or checkbook handy? All you need is the cell phone number or email address of the person you want to send money. The sign up for Zelle® is under the Bill Payment tab in Online Banking. Once you've signed up, you will see Zelle® in the mobile banking app as well.

Whether you're heading off to your freshman year of college or getting your first apartment, preparing to be out on your own can be fun and exciting. It also means taking on new financial responsibilities. The decisions you make now about how you manage your money can affect your ability to get credit, insurance, a place to live, and even a job. Taking the time to build smart financial habits today can help set you up for long-term success and give you greater confidence as you navigate this new chapter of independence.

Town & Country Days Parade

MSB was proud to participate in this year's Mediapolis Town & Country Days parade with a float celebrating "MSB Serving Generations of Farming." In keeping with the event's theme, "Hometown Heritage," our float honored the rich agricultural roots of our community and the generations of farm families we have been privileged to serve. For years, MSB has stood alongside local farmers, supporting their growth and success. We were honored to celebrate our community's heritage and the lasting partnerships that continue to shape our hometown's future.

UPCOMING EVENT!

Fraud Prevention & Luncheon

Date:
Nov 10, 2026

Time:
11:30 AM

Venue:
**Mediapolis
City Hall**

We'd like to invite you to learn how to recognize, prevent, and respond to fraud in today's evolving landscape. Enjoy lunch while gaining valuable insights and practical tools to help protect yourself and your community.

Featured Keynote Speaker: Al Perales, a longtime Consumer Protection Investigator with the Iowa Attorney General's Office.

Meet Local Leaders: Connect with local law enforcement officials, State Representative Taylor Collins, and State Senator Mark Lofgren.

Please RSVP to Amy Whitaker at 319-394-3191 or email awhitaker@gombsb.bank

Please help us congratulate these staff members on their work anniversaries!
